

How We Protect Minors in Medical Emergencies

In order to keep our minors medically safe, we have adopted the following policies.

1. All minors must have a simple registration card filled out for church records. This alerts us to possible medical concerns.
2. Every time there is a field trip or physical activities of any kind, permission forms must be filled out prior to the activity for each minor. This permission form works together with the a medical release form. We require that parents must notify the church records after there are any pertinent changes in health care policy.
3. We accept safety policies recommended by our insurance company which help prevent medical emergencies.
4. If it happens that a minor needs some type of medication during class time, the teacher/leader must be well informed of how to administer and how to store the drug. The teacher must also know the desired effect of the drug.
5. The church building and vehicles are covered with liability insurance which may help in some medical emergencies.
